2026 CORONADO CHAPTER GOALS

1. Support the 2026 MOAA National Advocacy in Action priorities through their widespread publication via Legislative Updates to all veterans; focused articles in the monthly newsletter; and engagement with elected officials as evidenced by registration in and use of MOAA's Legislative Action Center.

2. Continually encourage our members to "Never Stop Serving" by providing avenues for their active involvement with both MOAA efforts and priorities as well as in support of organizations and groups share common goals in concert with MOAA's mission.

3. Actively **engage** all surviving spouses on a routine and individually tailored basis; **support** each surviving spouse with appropriate assistance as each member may require; and **prepare** our members, as early as possible, for the point when life transitions as a surviving spouse.

PRESIDENT

Edward A. Wozniak, LTC, USA (Ret)

Hello and Welcome Back! I hope you enjoyed the "Summer Hiatus" and are ready to "Never Stop Serving" again.

Just a couple of items I'd like to mention before turning you loose on the rest of this month's newsletter, so let's get the bad news out of the way first.

PRICE INCREASE!

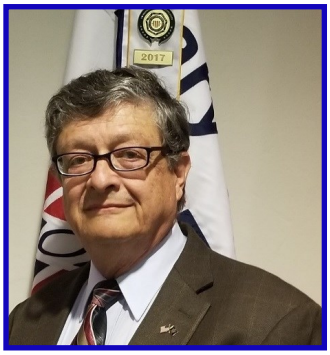

As you all are aware, the cost of living never seems to go down, and our dinners/luncheons are no exception. Due to increased costs from the Sierra Vista Golf Club over the summer that we have to absorb we've been forced to increase the price of our luncheons by $5. I'd like to mention that the Chapter doesn't generate any revenue from our luncheons and our price is set to just break-even. We hope this small increase is not a deterrent to members attending but think of it this way, have one less beer a month and you'll shift the increase onto Anheuser-Busch.

That being said a lot coming up in the next couple of months. Our Scholarship Director Kathy Youngblood is diligently working on a November golf tournament to allow us to assist even more local students to continue their academic pursuits. See page 14 for a flyer with additional information. In addition our newly minted Chapter Historian Bud Meador who has over 20 years experience teaching military history and conducting staff rides at battlefields at Antietam, Chancellorsville, and Gettysburg is working on a staff ride to our own Ft. Bowie. Keep an eye out for additional info.

Lastly, in just two short months we'll be conducting elections not only for local and state wide elected offices, but also for your Chapter leadership. A list of possible vacancies are detailed by Past President Jim Clenney on the following page. The time required by most of these positions is negligible, while the impact is immense. I would ask that you seriously consider adding you talents and abilities in support of your Chapter so it can continue to assist your fellow members and the community. Remember, many hands make light work.

And as always. . .

"Never Stop Serving".
Ed Wozniak, Chapter President

IMMEDIATE PAST PRESIDENT

James Clenney, LCDR, USN (Ret)

Our November Chapter membership meeting agenda will include election of Chapter officers and directors. The following positions are currently vacant and therefore, open for individuals who are willing to serve a 2 year term beginning January 2027:

- First Vice President
- Second Vice President
- Director for Public Affairs
- Surviving Spouse Liaison
- Deputy Director for Social Media

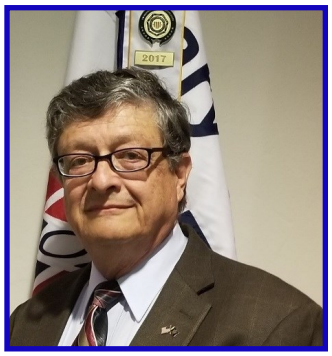

The following incumbents are currently scheduled to serve through December 2026. While incumbents may wish to extend their service, we will also seek interested individuals to serve after January 1st, 2027:

- Treasurer
- Director Personal Service
- Director Transition/ESGR
- Scholarships
- Secretary
- Director Membership
- Heliogram Editor

Detailed descriptions are available for every service role. Ask me! Or you can ask President Ed for his vision of your strengths and potential in each position. Or you can ask any officer. Please consider adding this service to your life. From personal experience, and discussions with other Board Directors, these roles bring deep personal reward and help us improve in other parts of our own service life. A ballot is required to be provided to the Chapter members in October, consider being on it.

"Never Stop Serving"

James Clenney, Immediate Past President

LEGISLATIVE DIRECTOR

James Clenney, LCDR, USN (Ret)

Advocacy activities have been targeted to make use of Congress' August recess periods between August 10th and September 14th. If you have an opportunity to email Representative Ciscomani or Senators Gallego or Kelly, please stop by https://moaa.quorum.us/ to help our Association's latest campaigns. Not only is this a good site to help us produce direct and focused communications, but it helps me to be informed of the impact of the issues on comrades other than myself.

National MOAA emails are your best source for advocacy updates and action alerts. Please sign up (on your MOAA.org profile) for the official mailing list. Check your inbox regularly for new messages and calls to action. These may come from legis@moaa.org or msc-reply@moaa.org.

In August I was asked to research whether MOAA has taken a position supporting the introduced bills: H.R. 6244 and S 3241. These are intended: To amend title 38, United States Code, to direct the Secretary of Veterans Affairs to provide a plot allowance for spouses and children of veterans buried in State cemeteries, and for other purposes. I found that MOAA has not yet adopted a position on this matter. Please review these two items of proposed legislation and share your thoughts and recommendations, pro or con, on the matter. You may research these (or any other bill/topic) at https://www.congress.gov/

In my previous data mining work for CSV and other veteran activities, I often uncover insights that highlight local community needs and requests. Recent work focused on helping Cochise County veterans overcome travel and transportation challenges when accessing essential healthcare services. The below resulted from some searching through raw 2024 info, available at https://www.va.gov/vetdata/expenditures.asp.

Total Expenditures: **$6.75 billion**

- Compensation and Pension: **$3.50 billion** (direct payments to veterans and survivors.)
- Medical Care: **$2.83 billion** Cochise County VA facilities, administrative costs.
- Education & Vocational Rehabilitation: **$306.1 million** GI Bill benefits, transition support.
- General Operating Expenses: **$97.1 million** for regional benefits offices.
- Insurance & Indemnities: **$13.7 million**.
- Construction: **$890,000**.

Related elements:

- Cochise County (in 2024) accounted for **4.8%** of the above Arizona Direct/ Indirect budget.
- Close to **18%** of the county's adult population have served. Cochise veteran residency roughly doubled the overall state average of 7.4%. Cochise County ranks within the top 2% of all U.S. counties for veteran density per capita.
- **46%** of the county's total veteran population have enrolled in VA healthcare. This is also recorded as 8,067 individuals.

Quick and rough calculations demonstrate that there is a profound service gap in Cochise County, where **54%** of veterans (nearly 10,000 individuals) acquire healthcare outside the VA network. The absence of their usage rates make it difficult to correctly deploy funding to support actual healthcare travel patterns and establish reliable transit solutions, transforming unmonitored medical liabilities into a fully supported, trackable system of care. Put simply, it is difficult for our green eye-shade buddies to plan for and ask for a defendable funding request.

If you are interested in MOAA Coronado's efforts to address this issue, please contact me. If you have not applied for Veterans Administration enrollment, please do so. You will serve others by easing the workload on the VA through proper planning using adequate information. And who knows, you may realize benefits that you and your spouse have earned, in and out of uniform, through your community service. Encourage others to help our Battalion.

In the interest of full disclosure of information that impacts my view about things….I also recently found that the VA also spent roughly $1.0 billion in indirect local healthcare funding following the VA Mission Act. The VA MISSION Act (also known as VA Maintaining Internal Systems and Strengthening Integrated Outside Networks Act of 2018 which is now P.L.115-182.) enabled the VA to spend funds on community care payments paid directly to local, non-VA healthcare providers under the bipartisan VA MISSION Act.

This allowed Arizona veterans to receive authorized medical treatments from private physicians in their own neighborhoods at federal expense.

I am digging into these expenditures to see how successful the VA was at connecting with Cochise County providers. Stand By! Or Stand Up ... If you have information that would be useful as we consider the way forward, Please Share!

ACTING SURVIVING SPOUSE DIRECTOR

James Clenney, LCDR, USN (Ret)

A direct email campaign is being prepared for our Surviving Spouse members. Keep watch in your mailbox for information specific to the chapter's activities and future goals.

All Chapter Members, be advised that the "Surviving Spouse Handbook" is available for you to use and/or provide to your other who may be helped by its structured information. You can access it through MOAA Coronado's SSM website.

I encourage ALL members to consider joining targeted online MOAA sponsored webinars. If you are enrolled to receive support for Caregivers or Survivors from MOAA national you will receive invitations to these webinars. Regularly addressed topics include:

- How MOAA publications can assist you and your family in the planning process.
- Systems to get your personal affairs in order in advance.
- Understanding the Survivor Benefit Plan and Dependency and Indemnity Compensation.
- Preparing for access to and use of burial benefits.
- Addressing financial matters and estate planning.
- Answering remarriage questions.
- Working with (or "through)" the VA, the Defense Finance and Accounting Service (DFAS), and other support organizations (including the Coast Guard).

It is a well-documented challenge that many service members delay preparing for critical life events. Many of these are covered in these webinars. These webinars help focus on important personal and family life plans that we all too often delay until it is too late.

If you and/or your spouse are currently in one of the following positions;

- You are healthy now and understand the importance of preparing for the future, or
- You give or receive daily caregiver support, or
- You are living alone after losing your partner, then

There are MANY resources available to help you, including webinars, MOAA and local publications, and other online sources. You will find one that is focused on the common aspects seen by serving and veteran officers and their spouses. If you don't, ask a member of the board.

Our last tour before our Summer break was to the Queen Mine in Bisbee on the 25th of April. We had eight members come along on the Queen Mine Tour. We were surprised to have Surviving Spouse Member Kathy Dolge and her grandson join us who were in Sierra Vista for Jane Strain's award ceremony at Cochise College. They came from their homes in Albuquerque, NM. Afterwards, we had lunch at the Native Grill and Wings here in Sierra Vista due to no room at the suggested restaurants in Bisbee. We all had a very enjoyable day.

Our Historian, LTC (Ret) Bud Meador is planning a fabulous Military Historical Tour to Camp Bowie at the end of October so stay tuned for the tour announcement.

We gained eight new members and three returning members this Summer. So when you see them, welcome them to the Chapter.
